OPINIONS:

"I think that the one-semester course is a very good solution for those who want to make fast progress in learning Polish and are ready to work hard every day. It gives an opportunity to have everyday contact with the language, which is a guarantee of success. Groups are small so a teacher has a chance to get to know students well and adjust working methods to their needs. Thanks to comfortable conditions the atmosphere is always cosy. We also offer many attractive activities after classes and students appreciate that. Our task is not only to teach them the language but also to help them adapt to new conditions. Going to museums, walking, watching films, learning to skate, bowling and cycling are very helpful. I personally love skating with students. Apart from all the didactic advantages, this activity helps you get closer in a natural situation and is a source of lots of pleasure and satisfaction for everybody! Aren't our courses exceptional?! :) Join us!

Magdalena Mieczkowska, Polish language teacher

"I took part in a course for beginners. When the course started, I didn't know Polish at all but after the course I can speak and I understand Polish. I can't say that Polish is an easy language but the atmosphere on the course has a positive influence on how you feel and thanks to the teachers, that they every week prepare something for us, we learned the language with pleasure. I recommend Lazarski University to those who want to learn Polish."
