OPINIONS:

"I recall all summer courses at Lazarski University with ... a smile. What is extraordinary on these courses is that we can all learn something from each other. These are courses for hard-working and ambitious students because during a short period they have to memorise a lot of material in order to pass the final exam. Sometimes, especially at the beginning – it is difficult, then it is getting easier, but it is always interesting. A language game, a funny film or a song makes Polish grammar and pronunciation friendlier. If you are interested in film, you can be sure to watch films by Polish directors. If you are keen on history or architecture, be certain that you will see the most interesting places in Warsaw. Everyone will find something for them."

Marlena Olechowska, Polish language teacher

"I got a lot of satisfaction from participation in the summer courses at Lazarski University. Thanks to them I passed an exam on Polish and have been admitted into university studies. To tell the truth, before the course, my knowledge of Polish was really poor, writing and speaking were my biggest problems. You know, I could not understand anything when somebody spoke quickly or not clearly. I liked that classes were conducted only in Polish. When I didn't know how to say something, I had to find words to explain everything in Polish. It was a very intensive and efficient course. I think that speaking, breaking the barrier, is the most effective method of learning. I think that it's worth taking a summer course before starting university studies; you will be more confident that you'll manage with reading, writing and comprehension while studying."
